

The Quality Choice. Worldwide.

Key Features

TILT TENSION

Allows the user to increase or decrease the recline tension according to their body weight.

WATERFALL SEAT

Seat cushion is sloped at the edge to reduce pressure at the back of the knees to improve circulation.

360 DEGREE SWIVEL

This standard feature allows the user to turn the chair around while seated.

SYNCHRO TILT

This mechanism allows the back to recline at a 2:1 ratio to the seat angle.

ADJUSTABLE LUMBAR

Allows the user to position the lumbar for maximum support and comfort.

ARM HEIGHT ADJUSTMENT

Raises or lowers armrests for forearm support and comfort.

BACK ANGLE ADJUSTMENT

Allows the user to position the back for maximum support and comfort.

SEAT HEIGHT ADJUSTMENT

Allows the user to raise or lower the chair according to their height so their feet remain flat on the floor.
